

Handle Inactivation of Cyclones

Preparations for the inactivation of the 38th Infantry Division at this station this week were made by Major General Frederick A. Irving, Commanding General of the Cyclones, front row left, and Colonel Earle R. Sarles, TC, Camp Commander; Lt. Col. Harold C. Carpenter, QMC, Lt. Col. John Fissell, AGD, Major Charles W. Sampson, Ordnance, all of General Irving's staff; and Lt. Col. Calder Innes, FA, Port AGF Liaison Officer. Back row, left to right, Lt. Col. Thomas E. Meyer, FA, Debarcation Command Group Commander; Lt. Col. Walter A. Johnson, TC, Camp Executive Officer; Majors Fred B. Tuggle and Edward J. Lichtenstein, General Staff Corps, of the 38th.

38th CG Vet Of Two Wars

Major General Frederick A. Irving, Commanding General of the Cyclone Division, is comparatively new to his outfit. He took command about two months ago, after seeing the 24th Infantry Division through the Leyte campaign.

Fifty-one years old last September, the Cyclone leader is a native of Taunton, Mass., and graduated from the United States Military Academy at West Point of which he later became commandant.

Appointed a second lieutenant of Infantry in 1917 he served in France during the World War with the 15th Machine Gun Battalion and took part in engagements in the Arnould and St. Die sectors and the St. Mihiel offensive.

Camp Nurse Marine Bride

Culminating a romance that began in high school, Lt. Jean A. Hooker, of the Camp Anza nursing staff, became the bride of John Angelo Palloni Monday in a ceremony held at the Camp Chapel.

Chaplain Mark Benvegna read the nuptial mass.

Following the ceremony a wedding breakfast was held at the Nurses' dining room. More than thirty attended.

Colonel Earle R. Sarles, camp commander, gave the bride away. Major Benjamin Dilorio acted as best man. Lt. Lillian Novak was maid of honor.

The groom was discharged from the Marine Corps a month ago after more than 32 months service in the South Pacific. He now resides in Oswego, New York.

The couple are honeymooning in Southern California.

OCS Wide Open As New Classes Begin Nov. 22

Opportunities for enlisted men to attend the Transportation Corps Officers' Candidate School are wide open, according to an announcement this week by Major General C. P. Gross, Chief of Transportation.

Class No. 48 begins on or about 22 November, lasting 17 weeks. Request nominations to the school should be submitted this week to detachment headquarters. Application forms are also available there.

Enlisted men qualifying for officer candidate school must sign a statement that they will remain in the service for a year following graduation.

Men enlisting in the regular Army and those volunteering for the emergency are encouraged to apply for the school. The best qualified will be selected. A full quota of men will be sent from Camp Anza, it was announced.

More German PWs Expected Monday

Approximately 750 more German prisoners of war are expected to arrive at Camp Haan next Monday from Camp Rupert, Idaho. They will perform detail duties at this camp. More than 200 German PWs are doing kitchen police work now in the area mess halls.

Catholic Chaplain From Port Now Here

Catholic Chaplain Mark Benvegna of the Port is here on TD during the absence of Chaplain Raymond G. Welter who is on emergency leave.

Up Eight Anza TC Officers

Eight Anza officers were upped a notch in rank last week. Two made captain and six were promoted to first lieutenant.

Now addressed as captain are Joel H. Palmer, Commanding Officer of Detachment 4, and Andrew D. Orrick, Baggage Officer of Processing Team Two, Debarcation Command Group.

Now out of the "shavetail" class, as first lieutenants, are Frank G. O'Connor, Assistant Chief, Custodial and Billeting Branch, Operations Division; Chester Kuzon, Assistant Postal Officer; Leon Cooperman, Commanding Officer of Detachment 6; Gilbert Novack, Assistant Property Officer and Purchasing and Contracting Officer; Charles T. Lawton, Legal Assistance Officer, and Assistant Staff Judge Advocate; and Lt. Elmer O. Rickard, Personal Affairs Officer.

Civilian Victory Ball November 15

The Civilian Welfare Fund Council today announced plans for a Victory Ball to be held in the Riverside Municipal Auditorium on the evening of November 15.

The affair will be strictly informal and all camp civilian employees are urged to attend.

Plans call for distribution of tickets to civilian employees who may invite their friends by presenting them with a ticket.

Outstanding dance music and a special floor show will be presented for the evening's entertainment. The dance will be free and will be sponsored by the Civilian Welfare Fund.

Decorations will be in charge of Kay Smith and Robert Scarborough; advertising Shirley Leigh and Lorraine Noble; entertainment, Houston Speer and Aurora Zuniga; cloak room, Gladys Dudding; tickets, Merle Harbach.

Anzite Gets Bronze Star for Bulge Battle

For heroic achievement during the first two days of the Battle of the Bulge T-4 James R. Leonard of the Troop Train Mess Personnel Detachment was presented the bronze star medal last week by Camp Commander Colonel Earle R. Sarles.

Camp in High Gear to Hail 38th Division

Camp Anza's debarkation machinery moved into high gear this week to receive and dispatch members of the famed Thirty-eighth "Cyclone" Infantry Division, the first outfit returned from the Pacific to be discharged as a unit.

The Cyclones were in action for 198 consecutive days and killed 26,697 Japs to set a record for the number of enemy killed in any one Pacific campaign.

Major General Frederick A. Irving, Commanding the 38th, will remain here to supervise the inactivation with members of his staff. After the last troops of his division are on their way east for point discharges he expects to fly to Washington for his next assignment.

The two star general watched the first components of his division dock at the Los Angeles Port of Embarkation in Wilmington on Tuesday and followed the processing of the troops on their arrival at this camp.

"Everything has worked out very smoothly," he said, adding "I don't see where any improvement could be made in the method of handling debarkees at this installation."

More than 4,500 Cyclone men who came in on the USS Uruguay Tuesday were on their way home by plane and train yesterday. Approximately 1,000 GIs slated for Forts Devans, Dix, (Continued on page three)

Remainder of Sixty Pointers Out Soon

As soon as clearance is received from the Camp Haan separation center, 50 Station Completion GIs with ASR scores of 60 to 69 will proceed there for discharge from the service, it was reported yesterday by personnel headquarters. Nothing definite has been received here on the discharge of 50 pointers other than the War Department announcement that another cut in critical scores is foreseen on December 1.

GENERAL LAUDS CAMP

Major General Frederick A. Irving, 38th Infantry Division Commander, today lauded Camp Anza and its personnel for the efficient and expeditious manner in which the men of his division were being processed here this week.

Said the General: "We were very favorably impressed upon arrival at Camp Anza with the preparations that had been made for receiving the 38th Division, and the facilities available for the processing of the personnel and equipment as well as those for entertainment and diversion."

"The arrival of the first shipment of troops demonstrated that those preparations were practical and well received. Upon detraining, all phases of the processing were handled competently and expeditiously."

The Cyclone Commander continued, "The officers and men of the Debarcation Command Group and the supply and administrative agencies, between whom there was complete coordination at all times, knew their job thoroughly and accomplished their mission without delay or confusion. The cooperation between those agencies and the representatives of the division left nothing to be desired."

"The officers and men of the 38th Division consider themselves fortunate that the Los Angeles Port of Embarkation and Camp Anza were designated as their Port and staging area. They feel, I am certain, that the efficiency with which the operations are carried out here will result in an earlier return to their homes and families."

in December last year to relieve the Second Division when the Germans started their counter-attack.

"On December 16 we had a switching central established in Schonberg, Belgium," explained Sgt. Leonard, "which handled all communications between regimental and corps."

Recounting his experiences that won him his decoration, Sgt. Leonard continued, "The Germans zeroed in on the building in which the installation was set up and tried to knock out the communications. We worked, sweated and shivered to keep and maintain the lines as they were knocked out."

Through his and other members of his team's efforts the most important lines were "out" no longer than 15 minutes at a time even though German 88s shelled out every room in the (Continued on page two)

Joe Bottleneck Transfers to Operations Br.

Joe Bottleneck, who is trying to lower absenteeism at this camp, transferred this week from Supply and Service to the Operations branch.

For the hourly period ending 13 October and per annum period ending 6 October, Operations had 19 per cent absenteeism among its personnel.

With 18.2 per cent the laundry came very close to inheriting Mr. Bottleneck. Other offices' percentages of absenteeism for the 12.7; Camp Surgeon, 9.7; Debarcation Command Group, 8.1; Administrative, 7.6; Post Engineers, 6.2; balance of Supply and Services Division, 6.1; Intelligence and Security, 5.9; Personnel, 5.3. Public Relations and Station Complement reported no absentees.

Will Speed Up Re-enlistments

Re-enlistments at Camp Anza in the regular Army will increase 50 to 75 per cent this week following the organization of a special unit to speed re-enlistment discharges and facilitate paper work, Lt. Farnol Adler announced yesterday.

To date more than 30 Camp Anza enlisted men have been processed, separated, and re-enlisted.

Lt. John Napolitano has been placed in charge of the newly created unit to facilitate re-enlistments. A small staff of soldiers and civilians will work under him.

Although many men here have indicated a desire to re-enlist in the regular Army, only a few were handled because of the complicated paper work, Lt. Adler, re-enlistment officer declared. The special unit was created to speed up the procedure and it's estimated that 50 to 75 per cent more will be processed each week henceforth.

Wanna Buy a Pigeon?

Washington (CNS) — Surplus Army pigeons are being offered for sale at \$25 for five pairs.

Ex GI Joes and Jane Hired Here

Among the former service men and women of this war who are now working at this camp as civilians are: left to right, Arthur Arce, Manuel E. Gonzales, Henry Basinger, David Castro, Lyle Kennedy, Mildred Cuneo, Dana Brown, Herschel Morgan, Felix Gomez and Cruz Bonilla. Mrs. Cuneo was a Wave. With the exception of Bonilla, who was in the Navy, all the men were in the Army.

300 Black Cat Vets Here

Three hundred veterans of the 13th Armored "Black Cat" Division, all with more than 50 points each, arrived in camp last week to "sweat out" their discharges.

Due to its late arrival in the overseas theater, the 13th Armored Division did not join General Patton's slashing 3rd Army until that hard-hitting outfit was in the closing stages of its drive in Southern Germany.

The division was able to participate in the surging attack which by-passed Adolf Hitler's Eyrie, Berchtesgaden and pushed on to link up with the Russian forces. The 13th had just enough combat to show high promise as a combat division, not enough to pile up as impressive a record as some of the earlier arrivals in the Theater.

The division was redeployed and scheduled for the Pacific theater when VJ day came.

In line with the camp policy to give discharged servicemen and women preference in civil service jobs, 38 ex-soldiers and sailors were hired at this station last month.

They have been assigned here as follows: Post Engineers, Arthur E. Arce, Arthur F. Escalante, Earl E. Miller, Milton R. Heinemann; Motor Pool: Henry E. Basinger, Samuel W. Balton, Junior Carter, Albert L. Crowell, Charles W. Crowell, William F. Ervin, Manuel E. Gonzalez, Richard J. Hanna, John E. Hearn, Steve Harvath Jr., Herschel Morgan, Donald E. Swanson; Laundry: Cruz Bonilla, David Castro, George W. Denton, Hillard Early, Felix Gomez, Marcelina Macia, Olvera Paulina, Purvis Thomas; Salvage: Dana D. Brown.

Station Hospital, Henry Clark, Earl Joslyn, Ethelbert Kennedy, Louis M. Robertson, Johnnie Ramo, Fernando Valizan, Harry Weaver.

Mess Section, Doyle D. Derr. Classification: Maurice Hunt, Barney W. Jones.

Debarcation: Robert L. McWilliams.

Combined Maintenance: Roscoe Williams, Clyde M. Young.

GIs Can Wear Two New Bars

Camp Anza military personnel who have served one year on active duty in the continental United States may now wear the American Theater Ribbon, the War Department recently announced.

Duty must be since December 7, 1941, but need not be continuous service, it was announced.

Local GIs are also authorized to wear the Victory Ribbon, marking the defeat of Germany and Japan.

Both ribbons may be purchased at the main post exchange, Captain Edward Maddox, Exchange Officer, declared this week. A large shipment of Victory Ribbons has just been received.

Chance to Earn Dough Off Duty

Want to earn some extra money for that Christmas furlough?

The Post Exchange offers after-duty jobs in the PX stores and beer hall for GIs at 60 cents an hour. The PX has already hired a number of enlisted men and hopes to recruit enough to man all branches with all military personnel after 1700.

Captain Edward Maddox, PX Officer, reports that the beer hall "The Forty Niner" will remain open evenings until 2300 when there are large numbers of debarkees in camp. On other evenings the hall will close at 2045.

Services Held For Patrolman

Alvin H. Young of 7274 Van Buren street, Arlington, a civilian patrolman at Camp Anza since December, 1942, died suddenly on October 18 at the station hospital here. Chaplain Jasper Havens conducted funeral services at the Simons funeral home in Riverside. Burial was in Forest Lawn Memorial Park in Glendale.

Mr. Young is survived by his widow, Mrs. Daisy V. Young who wrote the following card of thanks to Camp Commander Colonel Earle R. Sarles:

"I would like to express my heartfelt thanks and appreciation to you and the Station Complement for making Mr. Young's last days more comfortable.

"Knowing that he had the best medical care and the best care swell nurses could give is something I shall never forget.

"Thank you for extending the courtesy of the camp to me—a stranger within your gates."

"On the morning of December 17th the Germans entered Schonberg and chased us out. We destroyed the switchboard and installation with a thermite grenade."

Upon reporting back to division headquarters Sgt. Leonard's crew was sent out to communicate with an engineer outfit on the line.

"We started down the road in a truck," said Sgt. Leonard, "and ran smack into enemy tanks. We ditched the truck and hit the side of the road. The tanks put 88s through our truck and sprayed us with machine gun bullets."

Sgt. Leonard was hit in the right arm but fortunately the bullet missed the bones.

"We were taken to our aid station which the Nazis had captured at Schonberg. There I had my arm bandaged. Four days later I was operated on at a German hospital in Atterdorn, Germany, and a tracer bullet was removed."

Sgt. Leonard was a patient over Christmas and New Year's. "What a holiday. We couldn't even get a cigarette," he said.

With his arm in a wire sling he was sent to an allied PW

Second Phone Station Will Be Open Soon

Although station number two at the telephone center here is not completed a temporary installation was set up to handle the California traffic for the men of the 38th Infantry Division arriving here this week for inactivation.

T. M. Hambrook, camp telephone manager, said that past service here shows that thirty per cent of all long distance calls handled at this station are to California destinations.

Eighteen booths were connected in station two to handle California calls exclusively through the Riverside exchange. When the station is completed it will have 40 booths.

Station number one handled all the long haul traffic. Manager Hambrook reports that sixty telephone operators now man the first station 24 hours a day. When station two is open for business there will be more than 100 operators working here, he said.

Mr. Hambrook has been joined by three new assistant managers, M. J. O'Connor, Luke Riggs and Gordon Gerry. They assist the troops with telephone queries that the girls who take the calls do not have time to answer.

During one heavy movement of debarkees through this installation the telephone center completed more than 2,000 calls to every state in the union, in one day, according to Mr. Hambrook.

Wedding Rites Held For Chaplain's Niece

Following a wedding ceremony in the Camp Chapel Saturday evening, RDM-C Gerald E. Yensel and his bride, the former Miss Freda Sullivant, are now honeymooning in Southern California.

The bride is the niece of Chaplain Jasper Havens who performed the ceremony. She is the daughter of Mr. and Mrs. Henry Sullivant of San Bernardino. The groom is the son of Mr. and Mrs. F. W. Yensel, of Riverside. He is stationed at Camp Elliot, Calif.

Courts Weigh Vets Right to Their Old Job

(By Camp Newspaper Service)

Does the Selective Service Act give a veteran the right to reinstatement in his old job, regardless of the seniority rights of non-veteran employees?

This problem, now being thrashed out in the courts, is of vast importance not only to ex-servicemen but to all men and women who work for a living.

Veteran's Job Upheld

The Selective Training Service Act provides that a veteran shall be restored to his old job "or to a position of like seniority, status, and pay unless the employer's circumstances have changed to make it impossible or unreasonable."

M-Gen. Lewis B. Hershey, Selective Service chief, has ruled that this means that non-veterans of greater seniority must be discharged to make way for veterans, if no job otherwise exists for the returning serviceman. In a test case in Brooklyn a United States district judge upheld Gen. Hershey. He said:

"... This plaintiff is entitled to come back to his work... and... is entitled to come back to work in preference to anyone else who might be working on any of the days he applied for work, except a veteran in his own category."

An opposite view was taken in another test case by Prof. Herman A. Gray, who was accepted as an arbitrator by an employer and a veteran. The Hershey ruling, now known as "super-seniority," he said, might bring about "a serious economic and social upheaval."

Prof. Gray added: "The older workers carrying family responsibilities which come with maturing years would find themselves displaced, despite their long service in industry, by younger men who, as a rule, have only themselves to care for. Established industrial organization would be disrupted and thrown into confusion. The task of reconversion to a peacetime economy, difficult at best, would be hampered to a degree that might well prove dangerous."

Labor Groups Protest

Both the AFL and CIO stoutly opposed the super-seniority principle on the grounds that it would be unfair to permit a veteran who had worked for a company for one of two years to displace a non-veteran who had worked for the same company for 15 or 20 years.

And at least one employer group, a sub-committee of the Association of American Railroads, said that the ruling is "of doubtful legality" and would have the effect of upsetting the labor agreements and personnel practices which have been in effect in the industry for many years.

The controversy may ultimately be decided in the U. S. Supreme Court.
